

TECHNICAL DATA SHEET

451-05, 451-50, 451-150, 451-1300 NPT NuPurge Technology

Product Description

N.P.T. solves the major problem of removing stubborn residue between color or resin changes. It consists of concentrated purge pellets that react chemically to heat, quickly and effectively cleaning machinery without extra soak time, excess downtime or lost productivity. The resulting purge is so effective that even resin deposits accumulated over long periods are often removed the first time N.P.T. is used.

Applications

Purging Compound

Unit Package Description

Multiple sizes

Generic Description

Purging Compound

Net Weight Fill
